## **Section 1 Introduction**

I am thrilled to present this comprehensive report on Barking and Dagenham Standing Advisory Council on Religious Education (SACRE). SACRE has successfully transitioned to hybrid meetings, allowing for flexibility and better engagement from our diverse members from around the community. Each meeting has been quorate enabling many projects to move forward. The diversity of membership reflects the range of religious and world views within the community.

The Barking and Dagenham Agreed Syllabus continues to make an impact on the curriculum, seeing a rise in GCSE results, a testament to the work undertaken by SACRE, the SACRE consultant and the continued support from the Local Authority, as well as all teaching staff.

SACRE have made a determined effort to elevate collective worship in schools, a plan has been put into place to monitor and improve Collective Worship in compliance with statutory obligations by all schools. Additionally, the success of the Places of Worship competition continues, highlighting our borough's commitment to celebrating and embracing cultural and religious diversity.

I extend my sincere appreciation to all the individuals who have contributed to the success of these initiatives within RE, whether attending or presenting an RE masterclass, enabling pupil voice to change and shape RE or by speaking in schools, in person or virtually. With these small steps we continue to grow.

Randip Kaur Sahota – Barking and Dagenham SACRE Chair

## **Section 1 Overview**

Since 1988, it has been a requirement that every local education authority (LA) has a Standing Advisory Council on Religious Education (SACRE).

Though legislation sets out both the structure and the remit of a local SACRE - principally, overseeing religious education (RE) and collective worship (CW) - in practice every SACRE has developed its own particular style and character.

B&D SACRE, which began its work in 1989, has certainly developed its own particular style and character as this report will testify.

Some of the notable features of SACRE's work during 2022-2023 are included in this report, namely its support to schools and its involvement with our strategic vision of SACRE advising the LA around Religious Education (RE) and Collective worship (CW). Both sides of this work has involved SACRE working with different religion and worldview leaders and teachers across all key stages.

It is a legislative requirement that each SACRE produces an annual report of its work and that this is sent to the Department for Education (DfE), NASACRE, to local schools and to other interested parties. B&D LA makes this report available publically through their website and that of BDSIP.

SACRE met three times across the academic year 2022-23. This has ensured that SACRE has continued to be active and discharge its responsibilities fully.

## **Background to the Borough**

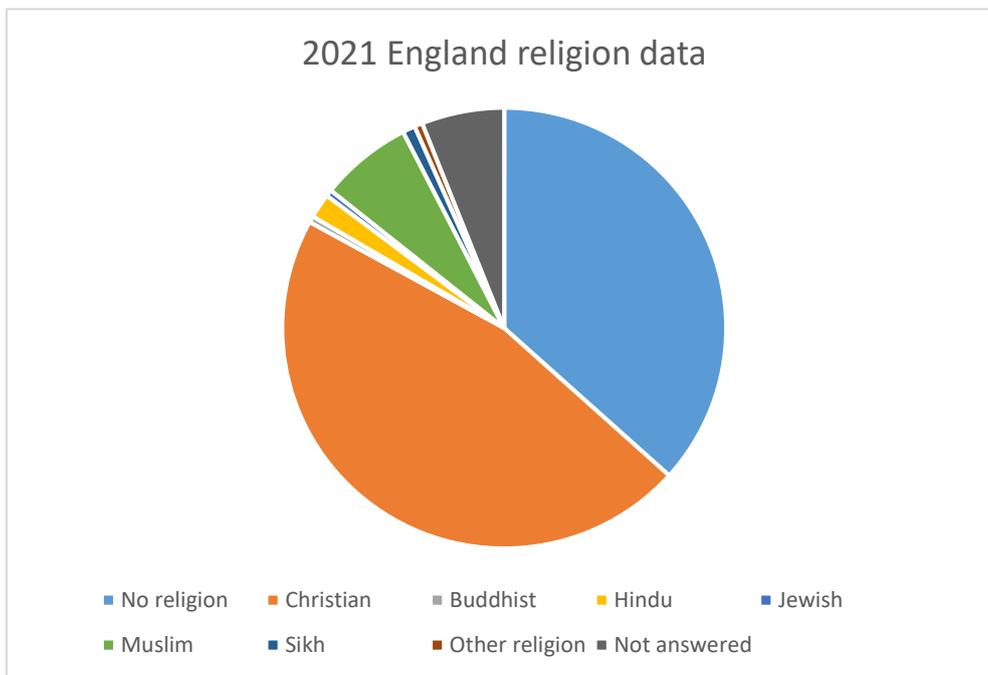

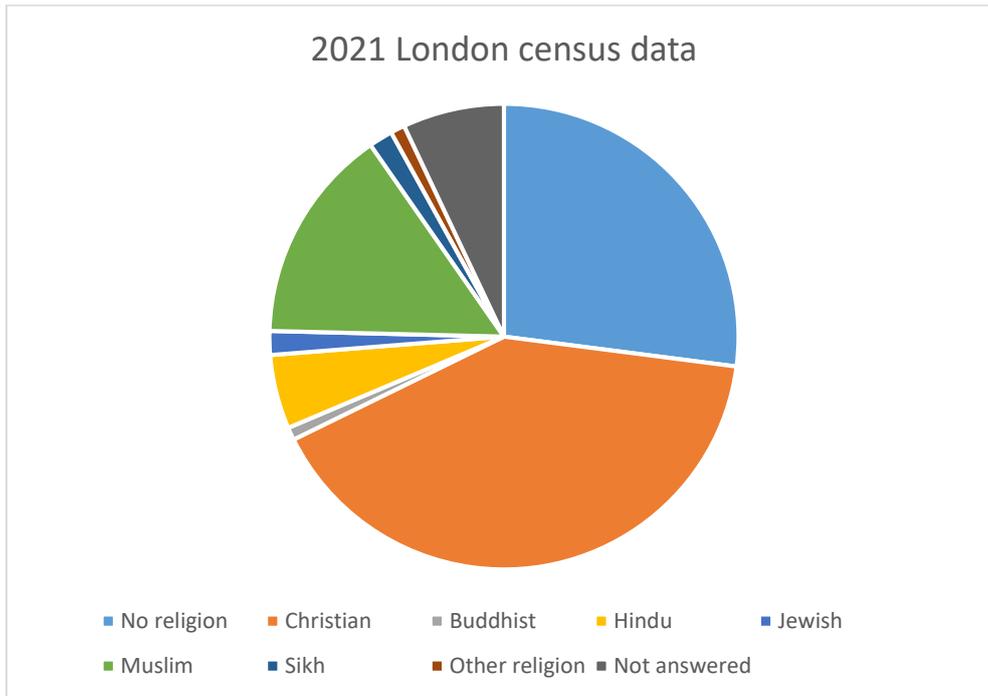

In the 2021 Census, figures clearly indicate that Barking and Dagenham is a multi-faith Borough; after Christian people (45.4%) the largest religious group in the Borough is made up of Muslim people (24.4%), then Hindu people at 6596 (3%), Sikh people at 4284 (2%), Jewish people at 272 (0.1%), Buddhist people 821 (0.4%) and other religions at 981 (0.4%). More recent data indicates that there will continue to be demand for religious meeting places in particular for Churches, Mosques, Mandirs and Gurdwaras. 18% of Borough state they have no religion, a similar figure to ten years ago.

**2021 Barking & Dagenham religion data**

No religion	41191	18.80%
Christian	99342	45.40%
Buddhist	821	0.40%
Hindu	6596	3%
Jewish	272	0.10%
Muslim	53389	24.40%
Sikh	4284	2%
Other religion	981	0.40%
Not answered	11991	5.50%

When comparing B&D with London and England census results, SACRE would like to underline the big shift that has taken place in the borough over the last ten years in terms of the religious nature of the borough and the importance for the LA to ensure all teachers have access to strong subject knowledge around religion and worldviews.

According to the 2022 school census there were 45,468, (Source: School Census, January 2022). This includes pupils attending school-based nurseries and 6th forms in Barking and Dagenham. Children aged between 0 and 19, equating to circa 26% of the population, the highest proportion of all local authorities in England and Wales.

There were 152 different languages spoken in Barking and Dagenham according to the 2022 census. The ten most spoken languages in schools were English, Bengali, Urdu, Romanian, Lithuanian, Yoruba, Albanian, Portuguese, Punjabi and Polish. Understanding and appreciating difference and diversity is an important value to support in schools.

Language	Number
English	23,854
Bengali	3357
Urdu	2493
Romanian	2417
Lithuanian	1167

Yoruba	1100
Albanian/Shqip	949
Portuguese	718
Punjabi	677
Polish	551

This diversity is seen within schools and again highlights for SACRE the importance of having well supported staff to be able to help pupils make progress academically as well as learn to live well with difference and diversity.

## Section 2 Standards and quality of provision of Religious Education (RE)

- 2.1 Within Barking and Dagenham, advice is available to schools around RE through four forms:
- The B&D Agreed Syllabus <https://bdsip.co.uk/resources-download/re-agreed-syllabus-for-barking-and-dagenham/> and support schemes of work held on a shared google drive
  - the SACRE RE consultant
  - regular CPD opportunities for RE & CW, and
  - SACRE documents being sent electronically into every school.

- 2.2 The RE consultant to SACRE has given advice to the local authority on a number of occasions in 2022/2023. Some of these have fallen into assistance with parental objections to a part of the school curriculum on the basis of religion. The meetings often have to unpack cultural rather than religious objections, offering a great learning experience for parents as well as school leaders around religion and worldviews in the 21<sup>st</sup> century. Members of SACRE play a vital role here as a bridge between the community and schools – often helping parents and carers to understand what a school can or cannot do in terms of religious provision for their child/children.

A larger piece of work for SACRE and the RE consultant was organising and rolling out second place of worship competition. This was done to complement the new agreed syllabus – which emphasises the opportunities provided for schools to take pupils out of school in a range of places, and from visiting speakers coming into schools. SACRE for the second time produced a place of worship and school speaker database for B&D schools, which schools have greatly valued. The RE consultant led training to faith leaders, representatives and school speakers on receiving visits from schools and being a high quality speaker. The LA has updated the schemes of work for secondary schools available through the Agreed Syllabus – training for this was given.

The RE advisor visited a number of head teacher gatherings to understand more of their needs around RE and CW.

The chair and RE consultant contributed to the NASACRE webinar programme in 22-23.

- 2.3 Monitoring of RE in schools

From the LA's monitoring of schools, we know that 10 pupils have been withdrawn from RE lessons across primary and secondary schools from a total of 45,468 pupils. This means that 99.98% of pupils are in B&D RE lessons. We are grateful for the hard work of schools to explain the purpose of RE and the importance for all pupils to receive education about different beliefs and practices. SACRE is also grateful to work on issues collaboratively with schools, BDSIP and the LA, and to our many local faith leaders being prepared to go into schools and talk about this issue directly with families from their own religion to support understanding around the purpose of RE in our area and keep everyone, as far as possible, receiving RE.

Primary RE

	Outstanding	Good	Needs attention	Inadequate
<b>No. of schools</b>	2	30	9	0
<b>Percentage</b>	5%	73%	22%	0%

Secondary RE

	Outstanding	Good	Needs attention	Inadequate
<b>No. of schools</b>	3	3	6	0
<b>Percentage</b>	25%	25%	50%	0%

From this data it can be seen that schools judge 64% of RE to be good or outstanding.

Figures are lower than in previous years, but this year we have responses from all school in the Borough – a three-year gradual process in monitoring RE, which will lead SACRE to work with schools where they have identified they need further support around their RE curriculum in 2023-24.

2.4 Complaints about RE

There have been no formal complaints received about RE from any B&D schools during 2022-23.

Looking to national standards, our B&D results sit just above the national average at GCSE as a borough. This is something SACRE recognised two years ago and through our action plan, working with the LA and BDSIP we have been offering targeted interventions for schools. To see us for the first time being above the national average will encourage us that we are going in the right direction. In 23-24 the LA through the SACRE consultant is offering more support to our schools. SACRE recognizes improvements in the subject thanks to the many hard working teachers who along with their pupils have worked hard to see our results improve from previous years.

Looking to national standards, our B&D results sit just below the national average at 'A' Level as a borough. SACRE has offered advice to the LA and BDSIP about the need to put on and run an 'A' Level conference to share best practice amongst schools within the borough and see even better results in future years. This is planned for work now within our costed budget for 24-25.

**2.6 Barking and Dagenham Agreed Syllabus**

The B&D Agreed Syllabus was published in June 2020 and so this report marks its third year where schools are using it fully. Schools continue to be very positive about the new curriculum and implementing it successfully. From monitoring RE in schools in 21-22 we saw that secondary schools were asking for further supports. This led to SACRE recommending to the LA further funding in order to be able to create further support schemes of work. Funding was given in 22-23 and the RE consultant along with a SACRE working party set about creating more up to date resources and supports. Secondary schools were given training on these in summer 23' and the following impact was given by teachers:

“The training today has provided our school with high quality resources and inspiration. We return to school to review our Key Stage 3 curriculum with clear purpose and energy.”

“The new scheme of work we were given today on ‘Faith in B&D’ will be something we definitely start using in September at the start of our Key Stage curriculum.”

“It has been helpful to see examples of standards of work from primary schools in B&D, so we can see what to build upon in Key Stage 3. We can see we need to add more challenge into our curriculum”

BDSIP along with the LA have provided through the SACRE RE consultant termly network meetings. During the academic year 22-23 these have covered the following topics and professional development opportunities:

### **Primary**

Local and national updates; Judaism masterclass; Sikhi masterclass; Thinking skills in RE; leading an RE lesson observation as a middle leader

### **Secondary**

Local and national updates; using pupil voice as a mechanism for reviewing and action development in your RE department; Buddhism masterclass; Dealing with sensitive issues in the RE classroom

Teachers have stated that this training has impacted their development in the following ways:

*“The SACRE consultant is amazing so everything she delivers is of high standard. Everything was great.”*

*“The visitor was very engaging and it was worth going just for that session, even though everything else was great too. I learned so much from going today, which will help me to lead the subject with greater confidence back in school.”*

*“The representatives from different religions and worldviews and presenters were good over this year and the opportunity to hear how others are gathering evidence and where more CPD can be found was good too.”*

*“Subject knowledge for middle leaders is so important when it comes to teaching about religion and worldviews. Our networks deliver this for me what I need to lead my department well.”*

*“The RE network meetings are always informative and provide lots of materials to take away and use immediately back in our own schools.”*

- 2.7 SACRE asked the LA to find out more details about RE within secondary schools in 22-23. In turn the LA provided time for the SACRE consultant to meet with each head of RE in our secondary schools to look at the previous years GCSE results, as well as the DfEs school census data. The RE consultant then reported back to the LA and SACRE about these meetings and allowed for further conversations with senior school leaders about time given to RE, the statutory nature of the subject at KS3 to KS5 in our schools. These facts have then led to SACRE’s development plan of actions to work with the LA, BDSIP and schools in 23-24.

### 2.8 Attainment in RE

Schools continue to make use of the Agreed Syllabus steps in assessing pupil’s attainment in RE. The RE consultant has worked with primary and secondary subject leaders through network meetings on grading and assessing pupils work in 2022-23.

Ofsted reports have mentioned in 22-23 the following around RE and CW, and SACRE have been pleased to have reports from schools in our SACRE meetings:

**Southwood Primary July 23:** Pupils are taught about relationships and respecting differences. Leaders have provided opportunities for pupils to develop their understanding of their place in the community.

**Roding Primary School June 23:** Pupils celebrate diversity and inclusion by learning about how everyone should be valued. They mark different religious festivals as part of leaders' work to help them understand the views and beliefs of other faiths. Staff ensure that pupils are taught about what it is to be a good citizen. Pupils talk clearly about equality. They learn about respect and the importance of treating everyone fairly. Leaders make sure that these messages are delivered in a way that pupils can relate to and connect to their everyday experiences, both in and out of school.

**Parsloes Primary January 23:** Pupils have regular opportunities to learn about and celebrate events from different cultures. Examples include Diwali and Chinese New Year. These opportunities help pupils to understand and respect people with different beliefs and customs.

**Barking Abbey December 22:** Pupils across both sites are happy and safe at Barking Abbey School. Students new to the sixth form commented on how welcoming, inclusive and diverse the community is. All enjoy celebrating the variety of cultures and backgrounds. Pupils are supported to respect different cultures, including through celebrating Black History Month and 'cultures and differences day'.

**St Peter's Catholic Primary School June 23:** There is also a range of opportunities for pupils to develop their leadership skills and contribute to the school community. Pupils can join various committees, including the student chaplain, eco-club and student council.

**Riverside School October 22:** Leaders have very high expectations of behaviour. In lessons pupils settle to their work quickly and show high levels of respect to their teachers and to other pupils. Corridors, play spaces and social areas are calm and safe. Pupils know that discriminatory language or bullying is not tolerated in the school.

**George Cary Primary School:** Pupils are kind, polite and respectful. They value and celebrate differences in one another. School visitors and local trips are planned with the aim of deepening pupils' understanding of other places and cultures. Pupils learn about other faiths and visit different places of worship. They spoke confidently about what they had been taught about democracy, individual liberty and the rule of law.

### **Section 3      Standards and quality of provision for Collective worship (CW)**

- 3.1 Within B&D advice is available to schools around CW through the SACRE RE consultant. It is recognised by SACRE that there is a need to develop advice and support for schools in this area. It is part of our development plan and we will start this work in 22-23.
- 3.2 The RE consultant to SACRE has given advice to schools on a number of occasions in 2021/2022. Some of these have fallen into assistance with parental objections to a part of collective worship. The meetings often have to unpack cultural and religious objections, offering a great learning experience for parents as well as school leaders.
- 3.3 Compliance with the statutory requirement

Collective Worship has been reviewed and monitored in B&D through the collection of relevant data from schools for the first time, which has shown where schools self-assess themselves through our criteria. This development has been part of SACRE's three-year plan, working with the LA to build up mechanism of how to monitor schools in this area. We are grateful for the LA working well with SACRE to take on the advice that has been given and is now in place.

We have discovered there are 9 withdrawals from collective worship from across primary and secondary schools from a total of 45,468 pupils. This means that 99.98% of pupils are in B&D Collective Worship. We are grateful for the hard work of schools to explain the purpose of Collective Worship and the importance for all pupils to receive this daily time. SACRE is also grateful for working on issues collaboratively with schools, BDSIP and the LA, and to our many local faith leaders being prepared to go into schools and talk

about this issue directly with families from their own religion to support understanding the purpose of pupil development.

Primary CW

Outstanding	Good	Needs attention	Inadequate
4	23	10	4
10%	56%	24%	10%

Secondary CW

Outstanding	Good	Needs attention	Inadequate
2	2	5	3
16.5%	16.5%	42%	25%

From this data it can be seen that 50% of schools judged that their acts of collective worship were good or outstanding.

In the year 22-23 SACRE formed a working group to write advice for schools on collective worship in B&D. The working group was made of the LA, SACRE consultant, SACRE chair, Head teacher and teacher representative, faith reps and our governor representative. We took, with permission the 2016 Newham collective worship advice and used that as a starting place to write our own advice. We are very grateful to Newham LA and SACRE for supporting this piece of work in B&D.

The working group worked from September 2022-June 2023, when SACRE passed and adopted the advice. SACRE with the LA led training for schools, as well as a SLT briefing on collective worship ensuring that the advice was highlighted to schools. This advice is now available to all schools via the LA website and the BDSIP website.

*“The SACRE RE consultant fully knows her subject and passes on worthwhile knowledge and information in a passionate professional way. It is always enjoyable attending training from the LA & SACRE.”*

- 3.4 Determinations: There were no requests for a determination from schools in 2022-2023, and there were no renewals. SACRE previously advised the LA that they needed to create a determination formal process that can be shared with schools going forward. The LA provided finances to SACRE in 22-23 for this document to be produced and published to schools.
- 3.5 Complaints about collective worship: there were no complaints received by the LA or SACRE about collective worship in 2022-23.

**Section 4 SACRE links with other bodies**

Nationally: B&D SACRE is a part of NASACRE and the LA consultant is a member of AREIAC, NATRE and the NASACRE executive. SACRE members attended the NASACRE conference in May 2023 in London and its monthly webinar programme throughout the academic year. From these individual members gained a lot of ideas to bring back to what we could do as a SACRE in B&D.

We have had William Crossman (B&D Community Engagement coordinator), Claire Clinton (SACRE consultant) and Himanshu Jain (Faith Forum chair) all involved with B&D Faith Forum, ensuring there are positive links between the work of SACRE, the LA and the local faith community.

SACRE also shared with B&D's 'Race and social justice' programme for schools NATRE research results from a study looking at pupils having better outcomes across a range of GCSE subjects when they have Religious Studies as one of their GCSE from BAME groups.

## Section 5 SACRE's contribution to support schools through events and training

Many SACRE members have hosted school visits to their places of worship throughout the year, or gone into schools as virtual speakers. SACRE members have also gone into schools to lead collective worship times.

SACRE ran for the third time our annual 'Visit a place of worship' competition – entries were judged by SACRE members and prizes awarded to winning schools at a school based celebration in July 2023. SACRE hopes to build upon this work in 23-24 and see even more engagement from B&D schools.

## Section 6 SACRE's own arrangements

SACRE has been quorate for all of its meeting in the year September 2022-August 2023.

### **SACRE costs**

During the year 2022-2023 three LA officers supported SACRE professionally and administratively:

- Claire Clinton as the Professional RE advisor;
- Ben Spinks from BDSIP, Avril Carnelley as the Local Authority link office, and
- Jackie Day as Clerk to SACRE.

### *Finance*

The sum of **£24.515** was made available through the LA to support the work of SACRE during the year. The sum covered the cost of employing an RE consultant, the cost of clerking SACRE, membership of NASACRE and attending conferences and refreshments. (These figures break down as: £1550 for the clerk to SACRE; NASACRE membership £105; RE Advisor consultant £10,000; NASACRE conference attendance and travel £210; New collective worship advice, and training work £5000; Place of worship annual competition and prizes £500; Payment for the work of RE SLEs £2100; NASACRE webinar programme £50; BDSIP management £5000).
